

Hydra Bubble Toner

100ml

Microbubble toner refreshes your skin while filling the stratum corneum with moisture. Replenishes moisture instantly and preps for the next step.

INGREDIENTS Betaine, Lentinus Edodes Mycelium Extract, Tremella Fuciformis Sporocarp Extract, Glyceryl Glucoside, Allantoin, Glycerin

Max HydraPlus+ Serum

30ml

Max HydraPlus+ Serum provides hydration in the deeper layers of the skin and maximizes moisture retention while boosting the generation of aquaporin and flaggrin.

INGREDIENTS EGG complex, Galactoarabinan, Allantoin, Sodium Hyaluronate, Xylitol

Max HydraPlus+ Cream

50ml

Max HydraPlus+ Cream contains essential ingredients forming lipids to prevent moisture loss. Its application reinforces a healthy skin barrier that protects from external aggressions.

INGREDIENTS Allantoin, Lentinus Edodes Mycelium Extract, Galactoarabinan, Ceramide NP, Glycerin

RegeniC Mask

50ml x 5ea

Containing a 50ml ampoule, RegeniC Mask is a sheet mask that hydrates, soothes, and revitalizes the skin, and it's designed for the face and neck to calm wounded skin after treatment.

INGREDIENTS Natto Gum, Wheat Amino Acids, Camellia Sinensis Leaf Extract, Rosa Centifolia Flower Water, Morus Alba Bark Extract

The first step to healthy skin care,
healthy hydration filled
from the inside of the skin

#Instant skin thirst relief

Excellent improvement results

A Clinical study of Improvement of **Skin barrier**

A Clinical study of Improvement of **soothing the skin**

A Clinical study of Improvement of skin moisturizing layered effect by skin layer (0.5/1.5/2.5mm) (**skin deep moisture**)

A Clinical study of Improvement of **moisture distribution**

A Clinical study of Improvement of **skin moisture maintaining effect for 72 hours**

No adverse reactions to **allergic contact dermatitis** or **irritable contact dermatitis** were observed after using test substances in the subjects

Test item : Max HydraPlus+ Serum, Max HydraPlus+ Cream

Authentic Hydration with Incredible Mechanism Starting from Aquaporin

Powerful moisturizing that is quickly and deeply absorbed into the skin and high moisture retention for 72 hours

#Helps Moisturizing

The secret to skin barrier improvement in just **2 weeks** lies in deep hydration and moisture retention for **72 hours**.

Transepidermal water loss rate
63.81%

Skin soothing improvement
Increased skin moisture levels
after a single use

162.81% ↑

Improved skin distribution
Increased skin moisture levels
after 2 weeks of use

70.05% ↑

Improved skin distribution
Increased moisture levels **72 hours**
after discontinuation of use

30.76% ↑

tHermoCEUTICAL Skin Cares are Different.

Derma skin care should be distinctive

Dermatologist Approved

Multi

Angle

Multi

Age

Multi

Function

FDA-designated agency's official human efficacy clinical proof

Efficacy and Effect Validation

Increased Accuracy

Only cosmetics proven effective through human clinical trials can provide reliable results

Multi-item validation

Enhanced Reliability

From testing multiple factors for the same effect demonstrates the true reliability of the results

Multi-age,
Multi-gender validation

Enhanced Objectivity

Testing efficacy across a diverse range of ages (17 to 65) and genders for each factor yields highly objective results through average values

Accredited Clinical Institution

Increased Credibility

The official clinical trials conducted by the designated agency of the South Korean (KFDA), the Korea Institute of Dermatological Sciences, ensure high credibility

What choice will you make

EXO Regentron Anti-aging Solution

Exo Regentron, an anti-aging beauty solution born from the core mechanisms of 'exosomes' and bakuchiol, proven through human application trials.

MELA Brightening Brightening Solution

MELA Brightening line's solution and treatment, which provide definite assistance in preventing pigmentation and calming, will bring a new experience to pigment improvement.

MAX Hydra Plus+ Moisture Solution

The Hydra line goes beyond simple hydration by activating aquaporins, promoting filaggrin production, and preventing moisture loss through intercellular lipids and barrier-building ingredients to fortify the skin barrier.

DeAC Aciderm Acne Solution

The DeAC Aciderm line improves the environment of worsened acne-prone skin through the formation of a new concept of acne biome. It is developed to prevent deterioration due to irritation and to assist in achieving healthy, problematic skin.
